IMPORTANT NOTES

*** Note 1:** The part numbers added or modified in this current revision of the capability list are highlighted in grey.

*** Note 2:** Shipment to the TC holder and other end users is defined by the response in the column marked "DDA" as follows:

- If the column is marked "Yes" then the part number concerned may be shipped to the TC holder and other end-users with an EASA Form 1.
- If the column is marked "No" then the part number concerned may only be shipped to the TC holder who signed the arrangement and provided the design approval.
